Special Announcements

ANNOUNCEMENT: If you have not completed New Members Class, please join Pastor in the Conference Room on Sundays at 9:30am when our normal schedule resumes.

ANNOUNCEMENT: All Youth are invited to join us on Tuesdays at 6pm for our Enlightening The LYTE Bible Study! Meet us in Zoom for encouragement, fun, games and prizes! Contact Pastor King to register in advance. Hope to see you there!

ANNOUNCEMENT: Our Sunday service begins at 11am. Here are the fast facts:
• We will keep a safe distance from one another by seating each family 6 feet apart.
• We will wear masks inside the building. Face shields must be accompanied by a face mask. No one loves them, but we ask you to please wear them to church.
• We will limit touch in the building by taking up offering and distributing elements for Communion before service begins.

If you are considered high-risk or just not comfortable returning to church right now, please continue to join us online at 11am or listen via the radio at 11:30am. You can drop off your tithes and offerings from 9:30am – 11:00am on Sundays.

ANNOUNCEMENT: We will continue walking in faith in 2022. We will focus a collective effort on First Fruits throughout the year. Each member is encouraged to give an additional $22 above their tithes and offerings each month. Please consider making a donation.
When given the right foundation, every child in Virginia has the potential to succeed.

As every parent knows, there is power in every child and great beginnings lead to great futures. The Virginia Child Care Subsidy Program provides funding for quality, affordable child care.

To see if you qualify for funding, visit ChildCareVA.com or contact your local department of social services.
ANNOUNCEMENT: We are seeking a Musician (Drummer) to provide appropriate musical accompaniment during worship services and other church programs. To apply, please contact Pastor King.

ANNOUNCEMENT: One of our community partners has an influx of housing for families headed by single mothers. They are in need of living room, kitchen, and bedroom furniture at this time. They have plenty of household goods already. Please contact the Church Office if you have furniture you would like to donate. Our community partner is able to pick up furniture donations.

ANNOUNCEMENT: ALL ministry meetings and ALL related activities at Zion Baptist Church are suspended until further notice. The only ministries authorized to utilize the building are The Praise Team and Technology Team in preparation for Sunday Worship and/or Bible Study. Any meetings that are needed should be held via Zoom. Contact our Director of Ministries, Minister Serita Anderson, to schedule Zoom sessions for your ministry.

ANNOUNCEMENT: Virginia's Mortgage Relief plan has officially launched, and is now accepting applications. PREVENT
- **VACCINATE**: The COVID-19 vaccines are safe and effective. They are the best way to protect your child, your family, and your community. Many schools are partnering with their local health departments to offer COVID-19 vaccine clinics to their community.
- **MASK**: Wearing a mask can prevent you from spreading the virus to people who are close to you. It is simple to do, easy to wear and helps to keep us all safe. Masks are especially important to wear inside and if you are going to be close to other people.
- **DISTANCE**: Staying 3-6 feet away from other people makes it less likely that you will catch COVID-19 from them if they are sick. Find your safe spot. You can still be around others at school, church or other places, but try to stay 3-6 feet away (about the length of your arms outstretched).
- **WASH HANDS**: Washing your hands often will help to keep your family healthy from COVID-19, and also other illnesses like the cold and flu. Wash with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.

CONTAIN
- **TEST**: A combination of individual and in-school testing can help control community COVID-19 outbreaks that may disrupt in-person learning. Testing is important to know if symptoms are COVID-19, a cold, or seasonal allergies. Testing after travel and large events helps limit asymptomatic spread.
- **CONTACT TRACE**: If you test positive for COVID-19, it is important to tell people who have been close to you. They may need to get tested and stay home so that they don’t spread it to others. The health department usually works with parents and schools to help with contact tracing, and they can explain more about this process.
- **ISOLATE**: If you have COVID-19, protect the people around you by staying away from them. Your healthcare provider or the health department can tell you when it is safe to go back to school or other places.

EVERYONE 2 YEARS AND OLDER NEEDS A MASKindoors

Communities in Virginia are experiencing substantial to high levels of COVID-19 spread. To protect yourself and others from the Delta variant, everyone aged 2 and older should wear a mask at indoor public settings.

Tips for Wearing a Mask

Masks can help stop the spread of COVID-19 and the variants like Delta. Choose a mask that:

- Fits snugly but comfortably against the side of the face
- Completely covers the nose and mouth
- Includes two or more layers of fabric
- Is secured with ties or ear loops
- Has a nose wire
- Blocks light when held up to a bright light source
- Allows for breathing without restriction
- Can be washed and machine dried without damage or change to shape

Good to Know

- If you are fully vaccinated, you do not need to wear a mask at most outdoor settings.
- If you are not fully vaccinated, you should wear a mask indoors and also in outdoor crowded settings.
- If you are feeling sick, stay at home and get tested.
