Evangelism - Evangelism is inviting others to worship. It also involves building rapport with the intent of developing solid relationships with people (the lost and the saved) so they can hear, feel and respond to the Gospel. It's helping them experience the presence of Jesus Christ, then moving them towards Discipleship and Christian living. Committed and consistent individuals will be equipped to reach their community/neighborhood for Christ.

The **Fellowship Prayer Breakfast** is a collective effort to bring our leaders, members, and the community together for reflection and prayer. It is held between the months of October to June on 3rd Saturdays from 8:00 a.m. - 9:00 a.m. Funds are raised to support the J. Dett Marshburn Scholarship fund.

They are actively involved in learning opportunities and discussion in Sunday School. Activities are planned to increase activity, socialization and interaction amongst themselves. Many are engaged in service opportunities where they serve and minister to others. Community forums are hosted on-site to connect our seniors to needed services and resources.

Service Ministries - The opportunities to serve in this ministry include parking lot service, greeters, ushers and health. Put your gifts of care, compassion and excellence in service to great use!

The **Technology Ministry** supports the use of information technology in administration, ministry, and education at Zion. The Technology Ministry provides an environment conducive to enhancing the worship experience by providing a mechanism for extending Zion's ability to provide ministry beyond its physical borders, and enabling the Zion family to have access to a basic technological infrastructure for spiritual collaboration and enrichment. Additionally, the Technology Ministry provides workshops and training opportunities for the use of mobile devices and other relevant technological skills. With a vision to further the reaches of Zion's evangelism, discipleship, and missions efforts through innovative new technological means, we are always looking for Spirit-filled volunteers to serve within this high-tech ministry.

The **Tutorial Ministry** is designed to help students with studies in a small group or one-on-one. The **Women's Ministry** - Sisters of Life empowers the women of our church and community by training and educating them with biblical principles. They are committed to do outreach, serve, inspire, and develop in spite of illness, tears, and triumphs.

Youth Ministry – The LYTE Ministry strives to help young people build a strong spiritual foundation by teaching and inspiring them to know God’s Word. Our goal is for each young person to develop a personal relationship with Jesus Christ as their Lord and Savior. They learn the importance of self-respect, discipline, morals and self-worth which will enable them to apply these basic principles in their homes, schools and communities. Our mission is to partner with parents to help reach, teach, touch and equip our children to grow and change their world with the knowledge and revelation of God's Word. On 4th Sundays, our youth lead the worship experience as it is designated for them to serve as we are Leading Youth To Eternity.
